PROFESSIONAL SUMMARY

I am nineteen and recently returned to the Sunshine Coast after a year in Townsville as a full time cameraman for WIN News.

I have always had a keen interest in photography and videography and studied Film + TV in my senior years. During my final year of school (2016) I was extremely fortunate to have the opportunity to complete work experience at WIN News in Maroochydore. I loved my time there and it confirmed to me this is the career path I wanted to follow.

In 2017 I undertook a three month internship with WIN Maroochydore and also worked as a casual in the ingest department. In June 2017 I was offered the opportunity to move to Townsville to take up the cameraman position.

Voluntary Work

I was a volunteer lifesaver at Noosa Heads Lifesaving Club for four years prior to moving to Townsville. I transferred to Picnic Bay and continued my volunteering.

I was a member of the Noosa Art Theatre for five years, where I performed in several productions. I also worked FOH as a volunteer. In addition to performing and volunteering, I also completed work experience over several months in lighting and the sound booth during rehearsal and performances for the Noosa Longweekend One Act Play Festival.

Outward Bound, Northern Rivers
Young Endeavour, Newcastle to Brisbane

July 2017
June 2018

SKILLS

- Self-motivated
- Organised
- Punctual
