Profile

I am a young creative entrepreneur and film producer based in Gympie, QLD.

Beyond my Wedding centered business 'Aesthete Film and Photography' founded in 2017, I also produce freelance content for the Music and Corporate sectors.

I find verve in creating self-aware, intelligent art and draws inspiration from the human psyche, tragedy, romance, vintage aesthetics and analog film, as well as a deep connection to promoting the cultural well being of young women.
