VIDEOGRAPHER AT YOUI

2012 - 2020

During my time at Youi Insurance, I was engaged to create many event videos and photos. Special yearly events to special days were captured and promoted internally. In 2016 I was on set creating a BTS video of the days.

In 2018 I was in a new role at Youi as internal videographer. During this time, I wrote, produced, shot and edited over 50 video stores throughout the business. I continued to do internal photography including updating headshots for corporate email accounts. I also pioneered live streaming events throughout the building and to offices in Brisbane and New Zealand.

A highlight for me was mastering the discipline of telling stories within 60 seconds and shooting with a fast turnaround time, messages from the CEO.

PHOTOGRAPHER

1990 - present
